

KEVIN CAREY

AFFILIATE DIRECTOR CANDIDATE

Kevin Carey has been an active member of FCAR for the past three years. He runs the Carey Lending Team of Summit Funding and works hard to educate fellow FCAR members and his clients about responsible mortgage lending practices.

Since joining FCAR, Kevin has served on several committees including the Education Committee, the Affordable Housing Committee and most recently the Budget and Finance Committee.

During his time on the Affordable Housing Committee, Kevin regularly attended meetings and came up with the idea to do a video series about affordable housing, which was launched earlier this year. He has also been involved with the monthly First Time Home Buyer class and has taught the financing section.

For the last two years, Kevin has served as the vice-chair of the Education Committee. His commitment to continuing education and working to expand the knowledge of FCAR members in the real estate industry has been an asset to the Education Committee. Besides being a committee member, Kevin also teaches several CE classes at FCAR.

"I have been involved with the major changes the Education Committee has been making to improve curriculum, recruiting new instructors and creating new classes," Kevin says.

When Kevin isn't working on behalf of FCAR members, you can find him attending youth sporting events in Mt. Airy with his wife Kathleen and their two children Brennan and Brielle.
