

RICH STEWART

AFFILIATE DIRECTOR CANDIDATE

Rich Stewart has been active in the Frederick real estate community for almost two years. His position with JK Moving and Storage takes him all over the mid-Maryland area and allows him to interact with FCAR members on a daily basis.

Since joining FCAR two years ago, Rich has been very involved with several aspects of the association. He is always willing to lend a helping hand and is there to support the committees at events. He is a member of the FCAR Informed Professionals and Community Service committees. He is also a regular volunteer at the Frederick Soup Kitchen with the Community Service Committee.

In addition to his time serving with FCAR, Rich also gives back to the community by participating in the Frederick Food Security Network and Impact Club.

"I try to focus on giving back [to the community] because I know that a rising tide raises all ships," Rich says.

In his professional life, Rich has had a diverse array of experience in home improvement, leadership, organizing social activities and events for organizations including Frederick Business Connects. Rich also devotes his time with the Washington D.C. Real Estate Real Producers Group and the Frederick County Society of Resource Managers.

Although Rich is new to the FCAR, he is already making an impact. He was recently honored as the 2018 Affiliate of the Year.
